SAFE SENDER EMAIL PROVIDER TIPS

Outlook
1. Select Actions > Junk E-mail > Junk E-mail Options from the menu in Outlook.
2. Go to the Safe Senders tab.
3. Click Add.
4. Type the email address or domain name you want to whitelist. Single address example: aapl@landman.org.

Gmail
1. Click the cog icon in the top-right corner and then More mail settings.
2. Select Safe and blocked senders and then Safe senders.
3. Add the domain of the email (landman.org) you want to whitelist to the list of Safe senders.
4. Return to Safe and blocked senders and then select Safe mailing lists.

Yahoo
1. From Yahoo Mail, select the Contacts icon.
2. Select Add a new contact.
3. Enter the sender's information, especially the sender email address (landman.org).
4. Select Save.

Hotmail
1. Click on "Options" in the upper right corner of your Hotmail screen.
2. Then click the link for "Safe and Blocked Senders" in the body of the page under Junk e-mail.
3. Click the "Safe Senders" link and enter the email address you want to whitelist (aapl@landman.org).
4. Click "Add" to put it on your list.

SBC Global
1. Open your SBCGlobal Address Book
2. Click the Add Contact button.
3. Fill in the From address in the space provided (landman.org).
4. Click in the Save Contact button.
