President

Happy Spring!?!?

It certainly doesn't feel like it yet, especially after the record amount of snow that blanketed the state right before the Easter Holiday. The one thing we can always count on is the unpredictable North Dakota spring weather. I know for many the moisture that comes with the snow is always a very welcome sight, but I am ready for Spring sooner rather than later...let's hope!

I would like to invite all LAND members to please join us Thursday, May 19th . Starting at 1:00 CST for a FREE educational seminar will be held at the Radisson Hotel in Bismarck. Following that at 5:30CST the 2nd quarter meeting for LAND will take place with hours d'oeuvres and social. Thank you Crowley Fleck PLLP

for sponsoring both events. Along with many thanks to Nichole Bement and Kim Backman for reaching out and organizing this wonderful FREE event.

As we continue to see strong crude prices and a steady rig count, we have a lot to look forward to in the coming months ahead. As always please feel free to reach out to any LAND officer or board member with suggestions to keep our organization growing and ideas for upcoming quarterly meeting.

I look forward to seeing you all in Bismarck....travel safely!

Sincerely,

*Ian Vestal*

The AAPL has announced their slate of 2022 Officer Nominees. One of our members and Surface/ROW chair, Michelle Phillips, has received the nomination for Second Vice President. Michelle's statement to the AAPL regarding her nomination:

*"Thank you for giving me the chance to serve all our AAPL members! I am honored and appreciative to be nominated to serve as AAPL's second vice president this year. I am looking forward to working with the Executive Committee, as well as leaders from all levels of the organization.*

*AAPL creates a culture of excellence through ethics, education and certification programs, and standards of practice. I am grateful for the opportunity to volunteer my talents to an organization that has been so formative to my career. AAPL has been a personal touchstone where I continue to grow and develop as a landman. Through AAPL involvement, I have reaped the benefits of connecting with dedicated volunteers, mentors, career connections and, most importantly, friends.*

*Volunteering at the local association and committee levels has helped me to realize how much AAPL participation can help to leave a legacy of rewarding jobs in the energy sector for the next generation of landmen. I am passionate about ensuring lasting careers for myself and the other AAPL members in our evolving industry."*

## PHILANTHROPY REPORT

Thank you to all our members, volunteers, and sponsors in helping us reach our goals toward stewardship in community outreach. ND Petroleum Council has several events planned this summer for volunteer opportunities. We hope to continue the tradition and offer another successful free will donation drink station and a silent auction item at the LAND Annual Golf Tournament.

We will be in search of volunteers who are interested in attending any events. Please be on the lookout for emails with volunteer opportunities later this summer.

### North Dakota Petroleum Council update:

North Dakota Petroleum Foundation is hosting the Inaugural Birds & Birdies tournament. This is a new event benefiting the North Dakota Petroleum Foundation, which promotes the oil and gas industry and shares our values through education and conservation programs. Teams of 5 members will be scored in three shooting competitions (including trap, rimfire, and archery), followed by a 13-hole golf scramble.

Must register as a team. All team members will compete in all events. [CLICK HERE](#) to download the information packet.

Check out the [North Dakota Petroleum Foundation website](#) for more information about our upcoming summer events like Bakken Rocks Cookfest and Fishing Derby.
