DECEMBER 2023 NEWSLETTER

LETTER FROM THE PRESIDENT

Dear TAPL Members:

The holidays are officially here and as the year winds down I hope each of you are able to take some time off and enjoy some quality time with your family and friends!

I hope everyone had a great time at the Oil Patch Christmas Party at the historic Cain's Ballroom! It was another tremendous success with oil and gas professionals in attendance from all different disciplines. Thank you again to TGS and ADAM Tulsa for collaborating with TAPL on this amazing event. At the party we were also able to raise money and donate boxes overflowing with toys for Toys for Tots! We appreciate everyone that donated, sponsored, and attended.

Save the date! We will have our January Social at the McNellie's Downtown on Monday January 8th at 5pm. Come for the networking and stay for the game! The College Football National Championship game is that evening and there will be plenty of TVs to watch the game in good company.

Be on the lookout for more announcements to come for our upcoming Clay Shoot, Dinner Meetings, and Educational Luncheons. We have a full calendar planned for 2024 with tons of new opportunities for our members on the horizon.

Sending each of you the warmest wishes for a Merry Christmas and prosperous and Happy New Year!

Mariena Martin
TAPL President
mmartin@cetulsa.com

CHRISTMAS PARTY RECAP

TULSA
Association of Petroleum Landmen

The 2nd Annual Oil Patch Christmas Party was a hit!

As Always, Thanks to our sponsors for making it possible!

DECEMBER 2023 NEWSLETTER

TULSA IRISHFEST

TAPL Members are officially invited to attend the Tulsa Irish Festival presented by Gateway on March 8-10th at the River West Festival Park (where Octoberfest is)! This will be a family friendly event with great music from “across the pond”, a kid’s zone, Irish and Irish fusion cuisine, vendors selling authentic Irish/Celtic goods, and much more.

Part of your invitation includes a 15% discount off tickets. Go to the website www.tulsairishfest.org to order your tickets and enter the discount code: TIFadam2024

If you or your company wants to be a sponsor for The Oil Patch Pub (exclusive to the oil and gas industry folks), then please reach out to Adam Robinson (arobinson@olifantenergy.com). It is a stand-alone VIP tent with food, drinks and a great space for networking. Visit the website or reach out to Adam for more information.

Children 16 and under are free. This 3-day event should be a blast. Hope to see you there!

DECEMBER 2023 NEWSLETTER

CAREER ASSISTANCE PROGRAM

Career Assistance Program

With regard to employment in the Oil and Gas industry or at least within the “Land” realm, things have been anything but predictable for the past several years. Although current commodity prices show great promise, the job market in relation to land work has not exactly followed suit. With that being said, TAPL would like to revive the Career Assistance Program (CAP) with the goal of connecting current TAPL members who are needing help obtaining employment or contract work in our industry to Company’s in need of help. If you are currently unemployed or are aware of any employers seeking to fulfill land positions, please contact the Benefits Director, Case Rycroft at caser@kfoc.net . Every inquiry will be handled with the utmost discretion as privacy is of great concern.

CAMPUS TULSA

Take your current internship opportunities to the next level with Campus Tulsa.

Campus Tulsa is the ultimate internship support team for Tulsa-area employers.

Connect with Campus Tulsa to:

- 01** Recruit more diverse applicants for open internship roles: Campus Tulsa intentionally partners with diverse student groups, institutions, and associations to create an inclusive internship search experience — especially among first generation and students of color.
- 02** Create meaningful experiences for interns outside of work hours: Campus Tulsa programs structured professional development workshops, networking and mentorship events, and intern-only activities and outings designed to create fuller, more meaningful internship experiences for students.
- 03** Solve for logistical hurdles like intern housing: Campus Tulsa offers support with short-term housing resources and other logistics — making for a more convenient, streamlined, and appealing opportunity for potential interns. This makes recruiting quality interns from a wider range of universities in the region and across the nation easier.
- 04** Boost your internship opportunity to a wider audience: Campus Tulsa uses strategic targeting and digital marketing channels to show your internship listings to a broader network of qualified college students.

Our mission is to create more successful internships in Tulsa than ever before — for both students and employers.

"We believe employees are our most valuable asset, and if you want to attract the best talent, you have to start early. We also are passionate about helping educate tomorrow's future leaders."

Ginger Kollmann

EXECUTIVE DIRECTOR, JP MORGAN
PRIVATE BANK

"Our interns are our largest candidate pool for hiring into the professional development program. It is really important to us that we provide meaningful work for our interns, so we're mindful to align our intern headcount with value-add opportunities across the organization."

Jessica Crews

DECEMBER 2023 NEWSLETTER

PETROTECH TRAINING PROGRAM

PetroTech Technical Training Program.

When people learn that you are a landman, the initial response is often, “Landman? What do you do?” Next comes the follow-up question: “How could I learn to be a landman?”

These questions prompted me to contact the Oklahoma Energy Resources Board (OERB) and to explain the need for a how-to-become-a-field-landman’s class. OERB quickly recognized the need for such a class due to the shortage of field landmen. As a result, OERB and Francis Tuttle Career Technology Center agreed to add a “Land and Lease Management” class to the OERB PetroTechnical Training Program. This 15-hour course begins in January 2024, and focuses on the interrelated, industry roles: Land Broker, Landman, Land Tech, Lease and Title Analyst, and Division Order Analyst.

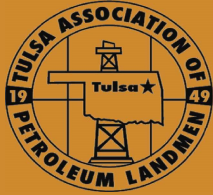

The “Land and Lease Management” course is ideal for energetic, motivated people who are excited about learning more about the oil and gas industry and basic field land work but may not be interested in pursuing an energy management degree. So, the next time a person asks about being a landman, direct the inquiry to OERB PetroTechnical Training Program: <https://oerb.com/education/petrotech/>.

PetroTech Individual Class Application (includes Land & Lease):
