Re: AAPL Nomination – Joel Robbins, CPL

Dear Mr. Campbell:

It is with great pleasure and a sincere honor that I nominate Joel Robbins for consideration to the Executive Committee for American Association of Professional Landmen. I have included a copy of his impressive resume and had multiple discussions with him regarding the duties related to serving on the AAPL Executive Committee.

Upon graduating from Texas Tech Joel immediately found his way to the energy industry as a field landman successfully representing EOG Resources and Devon Energy throughout Texas. He worked his way through various other operators throughout Dallas and Austin and eventually found his way to Merit Energy Company back in Dallas. He has steadily worked his way into becoming one of their longest serving and highest regarded Land Managers at Merit.

I met Joel through his leadership on the Dallas Association of Petroleum Landmen board of directors. He has served in nearly all DAPL board positions and multiple terms. He has also served on some of the most important committees for AAPL. He is well respected, hard working and is one of the humblest leaders I've ever worked with. He is a thought-leader in our profession, and I admire him greatly.

Joel's easy-going and friendly leadership style makes him a great fit for any leadership position within AAPL. Given his extensive experience leading DAPL and his very successful leadership work on various AAPL committees, I think he would be a fantastic addition for the AAPL Executive Committee.

Best,

Jason Maloy, CPL
