Re: LIFETIME ACHIEVEMENT AWARD
Nomination for Paul Pattillo

To whom it may concern,

I would like to nominate Paul Pattillo, CPL for the Lifetime Achievement Award. Paul passed away on November 22nd, 2019 from a pulmonary embolism. At the time of his passing he was the Sr. Vice President of Land at EnerVest Operating, LLC. Paul was a second generation landman who was passionate about land. He personally mentored me along with several other landmen who have grown to be extremely successful in their careers. While he was an extremely good landman who had many accolades and accomplishments in his career, I would say that his greatest accomplishment was the landmen that he mentored. He would push us all to thrive on our passion for the job and to continue to grow in our skill sets. He was always there for us as a mentor in land and in life. Helping us to be better landmen, fathers, husbands, and overall a good person. I believe that Paul was the Landman and person that we all strive to be, and that this award will help remind all those who had worked with him what we should strive to be as a landman, AAPL member, and person.

Thank you,

A handwritten signature in blue ink, appearing to read "V. B. Priestly".

Vincent B. Priestly, CPL
Vice President, Land
UPCURVE ENERGY PARTNERS, LLC
