Re: AAPL Nomination – Matt Beavers, CPL

Dear Mr. Campbell:

It is with great pleasure and a sincere honor that I nominate Matt Beavers for consideration to the Executive Committee for American Association of Professional Landmen. Specifically, I recommend Matt for the role of Treasurer. I have included a copy of his resume and had multiple discussions with him regarding the duties related to serving in this capacity.

Matt received his BBA from an AAPL Accredited Program in 2009 and subsequently obtained his MBA in 2017. He has been involved in both AAPL and OCAPL boards and committees since joining the energy industry. He was a leader in both his undergraduate and graduate programs and has joined other charity boards in his community. He is also a leader in his career as a land professional as his roles within his current and former employers are impressive. He currently manages a multidisciplinary team and is responsible for multiple drilling rigs across multiple basins. In other words, he is a great manager of his time and resources and understands how to interpret and integrate financial data into his decision-making process.

He served multiple terms on OCAPL board of directors as secretary, treasurer and vice president in addition to serving on the AAPL board of directors since 2023. He was also named OCAPL Landman of the Year in 2022.

As a past treasurer of AAPL, I have a unique perspective on the position and believe Matt would not only be a good fit, but also thrive in the role. His ability to communicate effectively will help him review financial data and prepare presentations for the board of directors regarding American Association of Professional Landmen Inc., Landman Scholarship Trust, AAPL Educational Foundation, Inc. and NAPE Expo Charities Fund.

Best,

Jason Maloy, CPL
