Re: Nomination for Best AAPL Director's Communication
Paul Wood, Director-Ark-La-Texas Association of Professional Landmen

Dear Mr. Pisciotte:

I am honored to currently serve our local association as President, and on behalf of the ALTAPL, it is my pleasure to submit the April, 2024 Director's communication from Paul Wood for consideration of the Best Director's Communication Award.

Paul does an outstanding job keeping our local association informed and up to date with AAPL events and opportunities, benefits of membership, and the business of AAPL as it represents landmen. The report attached to this nomination is just an example of how Paul regularly reports on AAPL matters. Additionally, he is passionate about the organization, as well as the industry, and I consider him an outstanding representative of both.

If you have any questions, please feel free to reach out by email: dsmith@argentinmineral.com, or phone: (318) 278-3618. I appreciate your consideration of our nomination.

Sincerely,

David C. Smith
President
Ark-La-Tex Association of Professional Landmen
